Durable Protection. Lasting Beauty.

To learn more about why Advanced Protection® Shingles are your best choice, visit gaf.com/APS.

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal (applicable in U.S. only).
State-of-the-art technology helped us design our Advanced Protection® Shingles.

Test models, similar to those used in America’s space program combined with some of the hardest minerals found on Earth, help GAF Advanced Protection® Shingles perform and protect like nothing else. No one makes a better asphalt shingle for toughness, flexibility, and heroic resistance to wind, weather, and fire. Plus, their advanced design requires fewer natural resources to manufacture and transport.

Sophisticated computer models (similar to those used to test the space shuttle) help predict long-term stresses at 75,000 points on GAF Shingles.

To learn more about Advanced Protection® Shingles, visit gaf.com/APS/
Engineered layer by layer for maximum durability.

Advanced Protection® Shingles: the inside story.

Tough to the core. The high-strength fiberglass core at the heart of the system uses GAF proprietary low-profile technology for a shingle with extraordinary durability.

Engineered with you in mind. Unique asphalt formulations for every plant, plus custom adhesives designed to stand up to the specific climate challenges in your area, including temperature extremes from Arizona to Alaska.

Protection on top of protection. Ceramic-coated granules, made from some of the hardest minerals on Earth, protect against UV damage while providing vivid color that will stand the test of time.
Timberline®

North America's #1-Selling Roof

- Timberline Ultra HD® 10
- Timberline HD® 12
- Timberline® American Harvest® 16
- Timberline® Natural Shadow® 18
- Timberline® Cool Series® 20

StainGuard® algae protection and 10-year limited warranty against blue-green algae discoloration available only on shingles sold in packages bearing the StainGuard® logo. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.

StainGuard Plus™ Time-Release Technology and 25-year limited warranty against blue-green algae discoloration available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Does not apply to Timberline Ultra HD® Reflector Series™ Shingles. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
Protecting what you value most.
Install Peace Of Mind

Whether you install the ultradimensional Timberline Ultra HD® Shingles or the ever-popular Timberline HD® Shingles, you’ll be getting all the benefits that only a genuine Timberline® roof can provide!

Install To Protect.

When you install GAF Timberline® High Definition® Shingles with Advanced Protection® Shingle Technology, you’re getting the very best combination of weight and performance that modern manufacturing technology can deliver. In fact, you won’t find a shingle that surpasses Timberline® on:

- Toughness
- Wind uplift resistance
- Flexibility
- Fire resistance

That’s why every Timberline® High Definition® Shingle comes with a GAF transferable Lifetime Ltd. warranty— for your peace of mind! — plus the backing of the Good Housekeeping Seal.

---

1 StainGuard® algae protection and 10-year limited warranty against blue-green algae discoloration available only on shingles sold in packages bearing the StainGuard® logo. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.

2 StainGuard Plus™ Time-Release Technology and 25-year limited warranty against blue-green algae discoloration available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Does not apply to Timberline Ultra HD® Reflector Series™ Shingles. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.

3 See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable.

4 Timberline® High Definition® Shingles have earned the prestigious Good Housekeeping Seal (applicable in U.S. only).

5 Based on a 2014 survey of U.S. homeowners commissioned by GAF comparing the appearance of two popular Timberline® High Definition® Shingle colors to the comparable colors of other leading brands.

6 2013 National Association of REALTORS® survey commissioned by GAF of REALTOR® Appraisers and Non-Appraisers in the U.S.; response based on REALTOR® Appraisers that have had professional experience buying or selling a home with Timberline® Shingles in the three years preceding the survey and felt they could provide an estimated value increase for a home with a Timberline® roof as compared to a home with a basic three-tab shingle roof.
Install To **Invest.**

Your roof can represent up to 40% of your home’s “curb appeal.” Timberline® High Definition® Shingles not only protect your most valuable asset but also beautify your home for years to come — and add to its resale value.

An independent research firm surveyed U.S. homeowners about the brand of architectural shingles they preferred based on appearance. The result: more homeowners preferred the look of Timberline® High Definition® Shingles to the other leading brands.5

In fact, according to a survey conducted by the National Association of REALTORS®, you can increase the value of your home by an average of 5% with a new Timberline® roof!6

So why settle for anything less than a genuine Timberline® roof?

Install To **Impress.**

Timberline® High Definition® Shingles are unlike any others, thanks to our proprietary shadow bands. Each shadow band is applied using a sophisticated, computer-controlled “feathering” technique. When combined with our randomly blended top layer, it results in a shingle with exceptional depth and dimension — and a striking look unmatched by any other brand.

But don’t just take our word for it. See for yourself. When you compare Timberline® High Definition® Shingles to typical architectural shingles, it’s easy to see why they’ll look sharper and more beautiful on your roof — while enhancing the resale value of your home.

Whatever you’re looking for, there’s a Timberline® Shingle to fit your taste and your budget.
Color Shown: Charcoal

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

*StainGuard Plus™ Time-Release Technology and 25-year limited warranty against blue-green algae discoloration available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Does not apply to Timberline Ultra HD® Reflector Series™ Shingles. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.

*
Your Best Investment For
An **Ultra-Dimensional**
Wood-Shake Look

- **Best Investment**... Just pennies-a-day more than standard architectural shingles.¹
- **Ultra-Dimensional Look**... Up to 53% thicker than standard architectural shingles, Timberline Ultra HD® Shingles feature GAF proprietary color blends and enhanced shadow effect for an ultra-dimensional wood-shake look on your roof.
- **Advanced Stain Resistance**... New patent-pending StainGuard Plus™ Time-Release Technology uses specially engineered capsules to release copper over time for long-lasting algae-fighting power.²
- **Highest Roofing Fire Rating**... UL Class A, Listed to ANSI/UL 790.
- **High Performance**... Designed with Advanced Protection® Shingle Technology, which reduces the use of natural resources while providing excellent protection for your home (visit gaf.com/APS/ to learn more).
- **Stays In Place**... Dura Grip™ Adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles are warranted to withstand winds up to 130 mph (209 km/h).³
- **Peace Of Mind**... Lifetime ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years.⁴
- **Perfect Finishing Touch**... Use Timbertex® Premium Ridge Cap Shingles or Ridglass® Premium Ridge Cap Shingles (visit www.gaf.com/ridgecapavailability for availability in your area).

¹ Note: Comparison refers to Timberline HD® Shingles. Thickness varies by plant; see actual shingles for comparison.
² StainGuard Plus™ Time-Release Technology and 25-year limited warranty against blue-green algae discoloration available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Does not apply to Timberline Ultra HD® Reflector Series™ Shingles. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
³ This wind speed coverage requires special installation; see GAF Shingle & Accessory Ltd. Warranty for details.
⁴ See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable.
⁵ Rated by the Cool Roof Rating Council (CRRC), can be used to comply with Title 24, towing product requirements, and meets the cool roof requirements of the Los Angeles Green Building Code.

*TainGuard™ algae protection and 10-year limited warranty against blue-green algae discoloration available only on shingles sold in packages bearing the StainGuard™ logo. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
The revolutionary Timberline® Cool Series® Shingles reflect sunlight to help reduce unwanted attic heat build-up and may help save on air-conditioning costs. They are rated by the Cool Roof Rating Council (CRRC) and are ENERGY STAR® certified (U.S. only).

- Helps Reduce Cooling Costs… Cool roofs may help you save on cooling costs.
- Rebates… Some utility companies may provide incentives for using cool shingles.

Thanks to the reflective nature of Timberline® Cool Series® Shingles, part of the heat radiating from the sun gets reflected, helping to reduce the heat in the attic and heat going into the house. It may translate into savings on air-conditioning bills.

¹ Energy cost savings are not guaranteed and the amount of savings may vary based on climate zone, utility rates, radiative properties of roofing products, insulation levels, HVAC equipment efficiency, and other factors.

² All three Cool Colors meet the prescriptive requirements of 2016 Title 24, Part 6, of the California Code of Regulations, and meet the cool roof requirements of the Los Angeles Green Building Code.

³ When installed properly, this product will help reduce energy costs. Actual savings will vary based on geographic location and individual building characteristics. For more information, contact GAF Technical Services at 1-800-ROOF-411, visit gaf.com, or call 1-888-STAR-YES.
Lifetime Designer Shingles

Ultra-Premium Collection
- Glenwood®
- Camelot®
- Grand Canyon®

Value Collection
- Camelot® II
- Woodland®
- Sienna®
- Grand Sequoia®
- Slateline®

Drawing on our deep expertise in shingle color design, GAF experts have developed Premium Color Blends — unique shingle color blends that combine our latest granule colors with GAF advanced blending technology, resulting in exceptionally vibrant, premium color options for your home. These select blends are available on certain shingles across our Lifetime Designer Shingle collection.

As with all our Lifetime Designer Shingle color blends, GAF Premium Color Blends complement a wide variety of home styles. So no matter which of our shingle color blends you choose, you’ll not only be certain to increase your home’s curb appeal — you’ll also be sure to love its look. Just look for the Premium Color Blend logo!

1 See footnote on next page
• Affordable Luxury... GAF Lifetime Designer Shingles are only a fraction of the cost of traditional slate or wood shakes
• Sophisticated Designs... Artisan-crafted shapes combined with dimensional designs result in a sophisticated beauty unmatched by typical shingles
• Custom Color Palettes... Specially formulated color palettes are designed to accentuate each shingle’s natural appeal
• High Performance... Designed with Advanced Protection® Shingle Technology, which reduces the use of natural resources while providing excellent protection for your home (visit gaf.com/APS/ to learn more)
• StainGuard® Protection... Helps ensure the beauty of your roof against unsightly blue-green algae
• Highest Roofing Fire Rating... UL Class A, Listed to ANSI/UL 790
• Stays In Place... Dura Grip™ Adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles warranted to withstand winds up to 130 mph (209 km/h)!3
• The Ultimate Peace Of Mind... Lifetime ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years 1
• Perfect Finishing Touch... Use Timbertex® Premium Ridge Cap Shingles or Ridglass® Premium Ridge Cap Shingles4

4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

SPECIFICATIONS

• Fiberglass asphalt construction with double-layer design
• Available in 12" (305 mm) width
• 8" (203 mm) exposure
• UL Listed to ANSI/UL 790 Class A
• Meets ASTM D3161 Class F; ASTM D3018 Type I; and ASTM D3462
• Miami-Dade County Product Control approved
• CSA A123.5
• Florida Building Code approved
• ICC-ES ESR-1475 and ICC-ES ESR-3267
• 150 pieces per 100 lineal ft. (30.5 m); 5 bundles per 100 lineal ft. (30.5 m)
• Approx. 2 nails per piece
• Eligible for up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs

Important Warning: GAF Ridge Cap Shingles are designed to complement the color of your GAF shingles.
**Ridgeglass®**

**Premium Ridge Cap Shingles**

**SPECIFICATIONS**

- Fiberglass SBS polymer-modified asphalt construction
- Available in 8" (203 mm) and 10" (254 mm) widths
- 8" (203 mm) exposure
- Meets ASTM D3161 Class A; ASTM D3018 Type I; and ASTM D3462
- UL Listed to ANSI/UL 790 Class A
- CSA A123.5
- ICC-ES ESR-1475 and ICC-ES ESR-3267
- 48 (8" [203 mm] & 10" [254 mm]) pcs./box (one box covers 31 lineal ft. [9 lm] of finished hip & ridge; 3.2 boxes cover approx. 100 lineal ft. [30.5 m])
- Approx. 2 nails per piece
- Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs

But some contractors cut costs by using the tabs from a 20-year or 25-year 3-tab shingle as your ridge cap. To ensure the closest color consistency for your roof, ask your contractor to use genuine GAF Ridge Cap Shingles!
Roof Deck Protection

Helps guard against wind-driven rain and keep your roof system dry

- An Extra Layer of Protection... Between your shingles and your roof deck helps prevent wind-driven rain (or water from other sources) from infiltrating under your shingles and causing damage to your roof structure or the inside of your home
- Lies Flatter... Helps avoid buckling when installed for a great look
- Helps Reduce Blowoff... By allowing your shingles to lie flatter and more uniformly
- Peace of Mind... Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs

SPECIFICATIONS

- UV-stabilized polypropylene construction resists UV degradation for up to 180 days
- Meets or exceeds the physical requirements of ASTM D226 and D4869
- Miami-Dade County Product Control and State of Florida approved
- ICC-ES ESR-2808
- Approx: 4 squares/roll (432 ft² [40.13 m²]); length 144’ (43.89 m); width 36” (914 mm); 30 lb. (13.6 kg)/roll
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

Note: Always use plastic cap nails or staples with plastic caps to install Deck-Armor™ Roof Deck Protection. Do NOT use nails or staples without caps.
**Roof Deck Protection**

- Excellent Walkability... Special synthetic, non-woven construction provides longer, more uniform look
- Moisture-Control Design... Helps remove nearly twice as much damaging moisture from your roof deck as leading synthetic non-breathable underlayment
- Durable Construction... Non-asphaltic, polypropylene construction will not rot or become brittle (unlike conventional felts, which can disintegrate over time)
- Great Look... Unlike conventional asphaltic felt, Tiger Paw™ Roof Deck Protection resists wrinkling and buckling that can “telegraph” through your roof shingles and detract from its finished appearance
- Stronger... Synthetic, non-woven construction provides 600% greater tear strength than standard #30 felt

**SPECIFICATIONS**

- UV-stabilized polypropylene construction resists UV degradation for up to 90 days
- Meets or exceeds the physical requirements of ASTM D226, D4869, and CSA A123-3
- For use with asphalt shingles
- Meets or exceeds the physical requirements of ASTM D226, D4869, and CSA A123-3
- Miami-Dade County Product Control and State of Florida approved
- Approx: 10 squares (1,000 sq. ft. [92.9 m²]) (excludes laps); 250' (76.2 m); width 48" (1.22 m); 23 lb. (10.4 kg) / roll (nominal)
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

---

**FeltBuster® High-Traction Synthetic Roofing Felt**

- Enhanced Walkability... Special spunbond surface helps provide increased traction compared to typical asphalt felts
- Tough Synthetic Construction... Helps resist tearing and will not absorb moisture, become brittle, or leach oils
- Easy to Work With... Super-lightweight, 10 square, 48" (1.23 m) wide roll (vs. typical 36" [914 mm] wide felt rolls)
- Cooler to Work On... Medium-gray surface is cooler than typical black asphalt felts and the leading black low-cost synthetic underlayment

**SPECIFICATIONS**

- UV-stabilized polypropylene construction resists UV degradation for up to 90 days
- For use with asphalt shingles
- Meets or exceeds the physical requirements of ASTM D226, D4869, and CSA A123-3
- Miami-Dade County Product Control and State of Florida approved
- Approx: 10 squares/roll — 1,000 sq. ft. (92.9 m²) (excludes laps); length 250' (76.2 m); width 48" (1.22 m); 23 lb. (10.4 kg) / roll (nominal)
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

---

**VERSASHIELD® FIRE-RESISTANT ROOF DECK PROTECTION**

(Available in Western U.S.; not available in Canada)

- The best protection against fire spread and penetration
- Fiberglass reinforced, so it lies flatter than typical asphalt felts for a better-looking roof
- Will upgrade the UL fire classification of almost any type of roof (refer to UL Certifications Directory for actual assemblies)
- Meets or exceeds ASTM D226 Type II, D4869 Type IV, and D6757 Type I or Type II
- Approx: 3.5 squares/roll (350 ft² [32.5 m²]) (excludes laps); length 100' (30.5 m); width 42" (1,067 mm); 52.5 lb. (24 kg) / roll
- Miami-Dade County Product Control and State of Florida approved
- ICCES ESR-2053
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

---

**ROOFPRO™ SBS-Modified All-Purpose Underlayment**

(Available in Western U.S. only)

- SBS-modified asphalt increases flexibility and provides long-lasting durability; up to 60 days’ UV exposure resistance
- Fiberglass reinforced, so it lies flatter than typical asphalt felts for a more uniform look
- UL Listed for use in a variety of shingles and other roof assemblies with an ANSI/UL 790 Class A roofing fire rating
- Meets or exceeds all physical properties of ASTM D226
- UL ER10689-01 Evaluation Report
- Approx: 2 squares/roll (216 gross ft² [20.1 m²]); length 65.8" (20.1 m); width 39.4" (1 m)

---

*Note: 180-day UV resistance refers to standardized testing conducted by GAF to ensure the product will not physically degrade when exposed to UV. It is NOT related to withstanding water, snow, or wind. Leak Barriers

Provides exceptional protection against leaks caused by roof settling and extreme weather

- Protect Your Property... Help prevent wind-driven rain from leaking through the roof deck, or melting ice and snow (caused by ice dams in harsh winter climates) from leaking into property’s interior
- Add Extra Protection... In valleys and at eave and rake edges — the most leak-prone areas of the roof. Strongly recommended for other areas like skylights, dormers, vent pipes, chimneys, and other flashing areas
- Help Avoid Costly Repairs... Due to staining on interior walls and ceilings from leaks
- Peace Of Mind... Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs†

“Protect Your Investment And Safeguard Vulnerable Areas”

SPECIFICATIONS (NOM.)

WEATHERWATCH®
Mineral-Surfaced Leak Barrier

- Mineral surface & fiberglass reinforced
- UL Listed to ANSI/UL 790 Class A
- ICC Evaluation Report ESR-1322
- Meets the performance criteria of ASTM D1970
- Miami-Dade County Product Control approved
- State of Florida approved
- Roll width is 36” (0.9 m)
- Available in 1.5 & 2.0 square rolls
- Length of 1.5 square roll is 50’ (15.2 m)
- Length of 2.0 square roll is 66.7’ (20.33 m)
- Approx. area of 1.5 square roll is 150 ft² (13.9 sq m)
- Approx. area of 2.0 square roll is 200 ft² (18.6 sq m)

STORMGUARD®
Film-Surfaced Leak Barrier

- Durable film surface & fiberglass reinforced
- UL Listed to ANSI/UL 790 Class A
- ICC Evaluation Report ESR-1322
- Meets the performance criteria of ASTM D1970
- 250°F (121.1°C) high-temperature rating*
- Miami-Dade County Product Control approved
- State of Florida approved
- Available in 2.0 square rolls
- Width is 36” (0.9 m), length is 66.7’ (20.33 m)
- Approx. area of 2.0 square roll is 200 ft² (18.6 sq m)

Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

†See GAF Shingle & Accessory ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

*The high-temperature compound is suitable for most metal roofing system applications. For use on copper and zinc, or for information on other approved non-asphaltic roofing systems, contact GAF Technical Services at 1-800-ROOF-411.
Eave/Rake Starter Strips

Help prevent shingle blow-off and reduce waste

- Placed at the eaves... To help prevent shingle blow-off
- Efficient... Provides a cost-effective alternative to using cut-up shingles as your starter strip
- Help Prevent Blow-Offs... Includes a high-quality, properly positioned factory-applied adhesive that will tightly lock your shingles in place
- Easy To Install... Pre-scored (Pro-Start® & WeatherBlocker™ only); no cutting needed
- Maximum Wind Warranties... Requires starter strips on rake and eaves†
- Peace Of Mind... Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs†
- Best Performance... Factory-applied Dura Grip™ Adhesive helps to lock down the roof edges at the eaves and rakes (excludes StarterMatch™)

WEATHERBLOCKER™ PREMIUM EAVE/RAKE STARTER STRIP

(Use with all shingles. 17"x40" [432 x 1,016 mm] or splits to 8.5"x40" [216 x 1,016 mm])
- Meets ASTM D3462*
- UL Listed to ANSI/UL 790 Class A
- Available nationally
- Miami-Dade County Product Control and State of Florida approved

PRO-START® EAVE/RAKE STARTER STRIP SHINGLES

(Use with most standard English and metric-sized shingles. 13"x38" [330 x 965 mm] or splits to 6.5"x38" [165 x 965 mm])
- Meets ASTM D3462*
- UL Listed to ANSI/UL 790 Class A
- Available nationally
- Miami-Dade County Product Control and State of Florida approved

QUICKSTART™

(Peel & Stick installation helps eliminate fastening and cutting of starters. For shingles with 6" [152 mm] or less exposure. 9" x 33' [227 mm x 10 m] roll.)
- Available nationally
- State of Florida approved
- Meets physical property requirements of ASTM D1970

Also Available:

STARTERMATCH™ STARTER STRIP SHINGLES

(Designed for use with GAF Lifetime Designer Shingles requiring complementary color starter. 13.25" x 40" [337 mm x 1,016 mm])

Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles
Cobra®
Attic Ventilation

Helps to remove excess heat and moisture to protect your roof system and structure from premature deterioration

- Looks Terrific... Shingle-over design helps maintain an "uncluttered" look on your roof
- Promotes Energy Efficiency... Allows excessive heat in your attic to escape to help reduce air-conditioning load
- Durable Construction... Manufactured with tough, UV-stable materials for performance in virtually any climate
- Strong... Passes the 110 mph (177 km/h) wind-driven rain test (under controlled GAF laboratory testing)
- Peace of Mind... Eligible for up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs

Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

Note: Always have a balanced ventilation system. In no case should the amount of exhaust ventilation exceed the amount of intake ventilation. Visit gaf.com/ventcalculator for details.

**Exhaust Vent for Hip Roofs**

**Specialty Ventilation Solutions...**

**Cobra® HIP VENT**

Safe and effective attic exhaust ventilation for roofs with little or no ridge

- Unique Dual-Weather Fighter Filter™ helps resist all types of weather infiltration*
- Fully nail-gunable with included coil nails
- Size: 4’ x 11.5” (1.21 m x 292.1 mm)
- NFA: 9 in² per lineal foot (58 cm²/lm)
- State of Florida approved
- Texas Department of Insurance

**Cobra® INTAKE PRO**

Rooftop Intake Vent

Provides critical intake ventilation for homes with little or no soffits

- Eliminates time consuming/expensive alterations at the soffit
- Fully nail-gunable with included coil nails
- Helps resist wind-driven rain, snow, and ice-dam infiltration*
- Size: 20’ x 11” (6.1 m x 279 mm)
- NFA: 9 in² per lineal foot (58 cm²/lm)
- State of Florida approved

*Under controlled GAF laboratory testing

*Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

1, 2 See footnotes on next page
• Proven Quality... Over 10 billion Royal Sovereign® Shingles have been installed in North America — enough to circle the Earth more than 200 times if they were laid end to end!
• Advanced Protection® Shingle Technology... Reduces the use of precious natural resources while providing excellent protection for your home (visit gaf.com/APS/ to learn more).
• Looks Great... Color Lock™ Ceramic Firing (granules) helps maintain the true shingle color.
• StainGuard® Protection... Helps ensure the beauty of your roof against unsightly blue-green algae.*
• Stays In Place... Passes the industry’s two toughest wind tests: ASTM’s 110 mph and 150 mph wind tests (under controlled laboratory conditions).**
• Excellent Performance... Micro Weave™ Core offers a strong foundation that helps resist cracking and splitting.
• Highest Roofing Fire Rating... UL Class A, Listed to ANSI/UL 790.
• Great For Resale... Long-lasting beauty may increase your home’s resale value.
• Peace Of Mind... 25-year ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first five years.***

* StainGuard® algae protection and 10-year limited warranty against blue-green algae discoloration available only on shingles sold in packages bearing the StainGuard® logo. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
** Warranted to withstand wind speeds up to 60 mph. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
*** See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.
[Only available in the U.S. For information about Marquis Weather Max® Three-tab Shingles, which are available in Canada, visit gaf.ca.]

1 ENERGY STAR® certified (U.S. only). When installed properly, this product will help reduce energy costs. Actual savings will vary based on geographic location and individual building characteristics. For more information, contact GAF Technical Services at 1-800-ROOF-411, visit gaf.com, or call 1-888-STAR-YES.
2 This shingle meets the prescriptive requirements of 2016 Title 24, Part 6, of the California Code of Regulations, is rated by the Cool Roof Rating Council (CRRC), and meets the Los Angeles Green Building Code.
Other Attic Ventilation & Specialty Products

• Master Flow® Ventilation Products
• Fiber-Cement Siding
• Accessory Paint
• Self-Adhering Low-Slope Roofing Systems
• Masonex™ Clear Masonry Sealer

Master Flow® Ventilation Products

Power Attic Vents

Investing in a roof-mounted Master Flow® Power Attic Vent may help increase the overall comfort of your home, reduce the cost of air conditioning and wear on the system, minimize heat/moisture damage to roof and attic, and resist mold and mildew. Master Flow® Power Attic Vents feature:

• High-efficiency motors
• Large flashing for easy installation
• Automatic thermostat, available with humidistat/thermostat control as an option
• Complementary colors
• UL Listed to ANSI/UL 507

* Energy cost savings are not guaranteed and the amount of savings may vary based on climate zone, utility rates, attic properties of roofing products, insulation levels, HVAC equipment efficiency, and other factors.

Roof Louvers

The Master Flow® line boasts one of the broadest assortments of roof louvers on the market today. Options include galvanized, aluminum, plastic, and unique granule-coated construction, as well as slant-back and square-top designs.

Master Flow® also offers a wide selection of “energy-free” ventilation products including soffit/undereave vents, aluminum ridge vents, wall louvers, chimney caps, foundation vents, and roof jacks to meet virtually every need. Also available, energy-smart Whole House Fans.

Solar-Powered Vents

The ultimate in energy-efficient power vents, Master Flow® Green Machine™ EcoSmart Solar Vents use the sun’s energy to remove damaging heat and moisture from your attic.

• 100% solar-powered models require no electrical wiring or electricians
• Unique dual-powered units run on house power at night or when the sun is not out and require 80% less electricity than conventional power vents (when running on house power)
• Miami-Dade County Product Control approved, State of Florida approved, and Texas Department of Insurance listed

PRSOLAR2 (Solar-Powered)
• 750 CFM airflow, includes h-stat/t-stat

PRHYBRID2 (Dual-Powered)
• 750 CFM airflow on solar power, 900 CFM on house power; includes t-stat

PRSOLAR1 (Solar-Powered)
• 500 CFM airflow

PRHYBRID1 (Dual-Powered)
• 500 CFM airflow on solar power, 750 CFM on house power

Wind Turbines

The Master Flow® line offers the finest “energy free” attic ventilators. Dual-bearing turbines are:

• Backed by a Lifetime Ltd. warranty
• Internally or externally braced; 12” (305 mm) and 14” (357 mm) sizes
• Available in a large assortment of colors
• Miami-Dade County Product Control approved without storm caps! (select models)
**Self-Adhering Low-Slope Roofing Systems**

**LIBERTY™SBS Self-Adhering Roofing System**

- **Safer...** Self-adhering membrane system eliminates the need for open flames on the roof
- **No Fumes...** Unlike conventionally applied systems, eliminates the fumes and odors caused by hot asphalt or solvent-based adhesives
- **Proven Technology...** Based on the same technology used in GAF commercial roofing systems—proven in the field for decades!
- **Fast Installation...** Often 1/3 faster than conventional systems, with minimal set-up or clean-up time

**LIBERTY™SBS Self-Adhering Cap Sheet**

- **No Extra Tools...** No need to stage extra equipment
- **Limited Warranty Included...** Against manufacturing defects
- **Extended Guarantees Available...** Optional full-system guarantees against manufacturing defects and workmanship errors available for up to 20 years††
- **7 Popular Colors...** To complement your Timberline® Series or other residential shingle roof

†† See Limited Warranty On Liberty™ SBS Materials for complete coverage and restrictions.
†‡ See System Pledge™ Roof Guarantee for complete coverage and restrictions.

Please Note: These blended colors are designed to complement your shingles, not to be an exact match. Because of the small size of these samples, it is difficult to reproduce the actual color effect. Please be sure to see a full-size roll before making a final color selection.

**Clear Masonry Sealer**

**MASONEX Clear Masonry Sealer**

Add customer value and boost your revenue by sealing chimneys or vertical masonry surfaces on your next roofing job!

- Repels moisture on above-grade vertical masonry surfaces
- Excellent for exposed brick, stucco, stone, or concrete
- Easy-to-apply, no mixing or special equipment

1-gallon (3.70 L) jugs or 5-gallon (18.9 L) pails

**Fiber-Cement Siding**

**WeatherSide® Siding**

- **Purity™ Shingle**
  - Textured surface with straight, wavy, or thched edge
- **Profile Shingle**
  - Shaped surface with straight edge
- **Emphasis™ Shingle**
  - Extruded wood grain surface with thched edge

- **Perfect Design...** Virtually identical in size and shape to millions of old non-existent asbestos siding shingles installed over the last 60 years
- **Avoid Hassles & Expenses...** Great for repairing or matching damaged asbestos siding shingles without the expense of new siding for the whole house
- **Safe...** WeatherSide™ Fiber-Cement Siding contains NO asbestos
- **Easy Installation...** After properly removing the old siding*, simply nail the WeatherSide™ siding in place and paint
- **Pre-Primed...** Ready to be painted to match the existing wall color
- **Meets Code...** Miami-Dade County Product Control approved, State of Florida approved, UL Listed to ANSI/UL 723, and evaluated by Texas Department of Insurance

* We recommend that any removal and disposal of asbestos-containing products be done by a professionally trained asbestos removal contractor.

**Matching Accessories Available...**

- Siding Backer Strips (9" [227 mm], 12" [305 mm], and 14" [356 mm])
- Hot-dipped galvanized Siding Nails
- Pre-Primed Individual Corners (9" [227 mm], 12" [305 mm], and 14" [356 mm]), and Emphasis® Corners

**Before**

**After**

**Open Flames, NO Torches, NO Fumes!**

**Roof Accessory Paint**

**SHINGLE MATCH™**

Colors available to complement popular GAF and competitor shingle colors

#### Specifications

1. Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture.
2. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "lifetime" refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles are installed. For owners/structures not meeting the above criteria, lifetime coverage is not applicable.
3. StainGuard® algae protection and 10-year limited warranty against blue-green algae discoloration available only on shingles sold in packages bearing the StainGuard® logo. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
4. StainGuard Plus™ Time-Release Technology and 25-year limited warranty against blue-green algae discoloration available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Does not apply to Timberline Ultra HD® Reflector Series™ Shingles. See GAF Shingle and Accessory Ltd. Warranty for complete coverage and restrictions.
5. Applies to some plants (that make referenced product).
6. Applies to White only.
7. Steeper slopes and maximum wind warranties may require more nails.
8. Applies to product sold in Canada only.
9. Applies to Birchwood only.
10. Applies to Amber Wheat only.
11. Applies to Birchwood, Copper Canyon, Golden Amber, and White only.
12. Applies to White only.
13. Applies to Golden Prairie only.
14. Applies to Arctic White only.
Color shown: 100% Charcoal
Lighting Conditions: Bright sunlight

Note: Due to the inherent variability in the color of natural slate (as well as the limitations of the commercial printing process), the actual color and texture of your TruSlate® roof will vary from the photos depicted in this brochure.
Traditional Colors From North America’s Finest Slate Quarries

- Genuine Hand-Split Quarried Slate... From North America’s finest quarries – not a synthetic imitation
- Stunningly Beautiful... Helps differentiate your property and increases curb appeal
- Affordably Priced... Often comparable to the cost of a plastic imitation, tile, or metal
- Quality & Performance... Meets ASTM C406 S1-Grade and most building codes in the U.S.
- Lifetime Ltd. System Warranty*... When installed by a GAF Certified SlateCrafter™ Specialist

Specifications
- Slates meet ASTM C406, Grade S1
- Miami-Dade County Product Control approved
- State of Florida approved
- Evaluated by Texas Department of Insurance
- Code Compliance Research Report CCRR-0142
- FM 4473, Class 3 Impact Resistance

For the current specifications on TruSlate®, which is genuine slate (not an asphalt shingle), visit gaf.com or truslate.com.

* See TruSlate® Smart Choice® Limited Warranty and TruSlate® Ultimate Pledge™ Limited Warranty for complete coverage and restrictions. The word "lifetime" refers to the length of coverage provided by the TruSlate® Smart Choice® Limited Warranty and TruSlate® Ultimate Pledge™ Limited Warranty and means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the TruSlate® Premium Roofing System is installed. For owners/structures not meeting the above criteria, lifetime coverage is not applicable.

Note: TruSlate® Slate is crafted from natural stone, so there may be variations in color between different slates or from one lot of slates to another. In addition, slate can fade or weather over time and each slate may fade or weather slightly differently, creating a natural mix of colors. For more information about weathering of each TruSlate® color, please see the TruSlate® brochure.

Note: TruSlate® genuine slate roofing is not part of the GAF Lifetime Roofing System.
Nancy Fire, Co-Founder and Creative Director of Design Works International, has defined an exciting trend — taking the Inside Out.

Nancy states, “As homeowners spend more time outside of their homes, they want to extend their interior style and sensibility — whether that be elegant, traditional, or more contemporary — to their outdoor living spaces that include the yard, the deck, and the roof.

“Your roof is a decision with a long-term impact. So make shingle, roofing style, and color choices that will complement your home and your personal style, providing you with years of comfort and satisfaction.”
The color and style of your shingle are important! They go hand in hand when considering what shingle to use on your roof. After all, your roof represents up to 40% of your home’s curb appeal, so it will always have a big impact on your home’s overall look.

Choosing colors for your home’s exterior is fun and exciting — and it’s also a very significant decision. Remember, the color palette you select won’t change with the seasons; it’s going to be part of your home for the long term. So whether you like bolder colors that make a statement or you prefer more subtle, softer tones, you want to be sure that the palette you choose today is one that you’ll still enjoy on your home years from now.

- Consider how much of your roof is visible from the street. Many times, larger roofs look more inviting using neutral tones while smaller roofs can be a bit more colorful, with more unique patterns.

- For a more contemporary design statement, try bringing attention to the top of your home (such as, using a red roof on a gray house) while coordinating trees and shrubs in the yard that will extend your roof color to your outdoor space (in this instance, like the Red Leaf Maple).

- The architectural style of your home is a key component when choosing a shingle style. A Colonial house, for example, might look best with a shingle that features a cleaner, more defined line, while a Victorian home could use a shingle with a more intense hue or a more elaborate and detailed design.

- A large roof surface is much like a blank canvas, giving you almost limitless possibilities for making a dramatic change in the look of your home’s exterior. But smaller roofs or roofs with more variations in pitch also offer great opportunities, allowing the incorporation of more unique designs or patterns.

When it comes to choosing the style of your roof shingle, there’s no such thing as right and wrong — there’s only what works best for you and for your home. Certain elements, such as the size and pitch of your roof, can help determine what shingle style will better complement your home’s exterior. Today, there are many types of shingle profiles and patterns available to help you differentiate your roof. Decide the statement you want to make, and embrace it!

- Color and texture add dimension to any home. In choosing your exterior shingle style, remember the importance of curb appeal in making these choices.

- For a more traditional color palette, use tones of a color to incorporate a more subdued style into the exterior of your home. A neutral roof color creates the perfect backdrop for other colors.

Above all, choose the shingle color and shingle style that make you feel the most comfortable. It’s your home, your personality, your lifestyle. The final decision should reflect that — and do so beautifully!
There’s a Style to fit your needs.
There’s a Color to fit your taste.
A Long History of Innovation Has Made Us North America’s Largest Roofing Manufacturer.
1982
First to introduce lighter weight high-performance asphalt shingles

1991
Introduced first shingles with High Definition® technology

Introduced StainGuard Plus® Time-Release Technology to provide homeowners with more consistent and efficient algae stain-fighting power
No matter where you live, there’s a GAF plant that serves you, with products specially designed with you in mind. Made by hard-working men and women, many of whom are second- and third-generation employees who grew up with roofing “in their blood.” They share our pride in innovation, and our commitment to investing in our country. In fact, GAF has more American plants than any other roofing manufacturer — along with the strongest network of factory-certified roofing contractors based in communities just like yours.
